RE: **Revision Request #1** (sequential number of revisions and/or modifications requested)
CDBG Contract #C000055945 FFY 2012

Dear Ms. Brennan:

The purpose of this letter is to request a reallocation of funds between existing approved activities whose beneficiaries and scope of work remain the same. If approved, this revision will (increase/decrease) the original approved activity. The details of the revision being requested may be found on the attached table.

The justification for this revision request is:

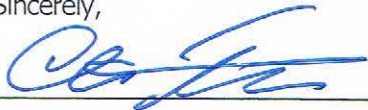

The project is nearly completed. Due to PennDOT requirements, paving has run over budget. There is a surplus in Administration to cover most of these costs.

Enclosed are the following documents as required for revisions:

- a) Revised Activity Description(s) including the Project Budget and Project Completion Timetable.
- b) Revised Budget Summary (if OBO provide individual and cumulative Summaries)
- c) Revised LMI Principal Benefit Determination form (if OBO provide individual and cumulative Summaries)
- d) Date of Environmental Clearance 7-05-14, Contract Number c55925 and FFY 2012 for initial clearance.
- e) Evidence this revision was approved by the local governing body.

It is agreed that all other provisions and certifications of the Grant Agreement shall remain in full force and effect.

Sincerely,

Charles Fayash
Chairman, Chief Elected Official
